REPORT OF THE FOREST FIRE WARDEN

Your local organization to prevent and extinguish brush and woods fires is glad to report a good year of forest protection in 1948. In spite of danger conditions nearly equalling at times those of 1947 when great losses were suffered in New Hampshire and New England, fire damage and loss this year have been gratifyingly low.

With the continuing cooperation of all the people, we can hope to have another successful year in 1949. Let us remember that in any year, over 90% of all fires are caused by carelessness and that all of these man-caused fires are preventable.

Today, we have more slash and uncut grassland than for many years in the past. Smokers, campers and tourists who use our outdoors are also more numerous than ever before. We must therefore be ready for fires which might occur but, above all, prevention by everyone is the greatest need.

A few simple precautions taken by every citizen will help, as follows:

1. Always get a written permit from the warden before kindling a fire outdoors when the ground is not covered with snow.
2. If you smoke, always extinguish matches and tobacco before dropping or throwing them down. In automobiles, always use the ash trays.
3. Report fires and smokes to the warden without delay.

The observance of these and other simple rules will go far to insure safety from fire damage and your cooperation in this way is earnestly solicited.

Number of fire permits issued,	0

Respectfully submitted,

C. TRACY WILLEY,

**REPORT OF THE SUPERINTENDENT OF
SCHOOLS**

To the School Board and Citizens of Brookfield:

The Churchill School of Brookfield has had a long, creditable career. During the past few years, under the able direction of Mrs. Eva Willey, it attained an enviable reputation. Very few one-room schools attain the distinction of being one of the outstanding schools of the state, so recognized by the State Department of Education and the leading daily newspapers of our state. An added distinction came last spring when the school was selected by Keene Teachers' College to work with one of its Better Community Living Units.

While the rest of the country is struggling with problems of teacher shortage, high cost of additional building needs, and increasing transportation difficulties, Brookfield marches on and makes educational history.

How long this can continue is a pertinent question. The Cooperative School Act passed by the 1947 Legislature which permits school districts to join in the operation of cooperative schools is attracting wide attention and is undergoing careful study in many sections of the state. I believe it wise that the Citizens of Brookfield acquaint themselves with the provisions of this law.

As your superintendent closes his third annual report he feels that the Citizens of Brookfield have every reason to enjoy a sense of satisfaction and pride in the type and scope of education it provides its boys and girls. This accomplishment is possible only through the fine spirit given practical expression by members of the School Board, teacher, parents, citizens, and pupils.

Respectfully submitted,

EVERETT H. BRASIER,
Superintendent of Schools.
